The long way round

JPG · 4032 × 2688 · 3:2 · 14 MAY

Second visit. The water had come up over the stones by seven, so the walk out to the point took the long way round.

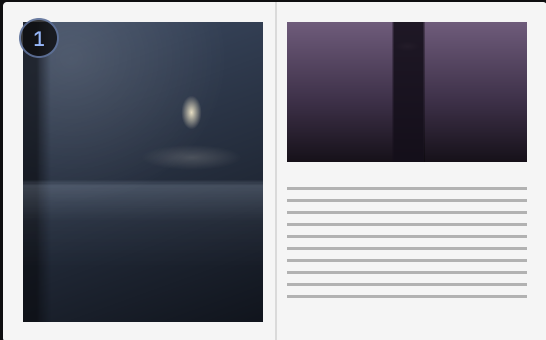

Same light as the first morning, but it held for longer.

SOURCE ORDER IS PRESERVED ACROSS EVERY TURN. A SECOND BODY OF MATERIAL STARTS ITS OWN SPREAD RATHER THAN SHARING A PAGE.

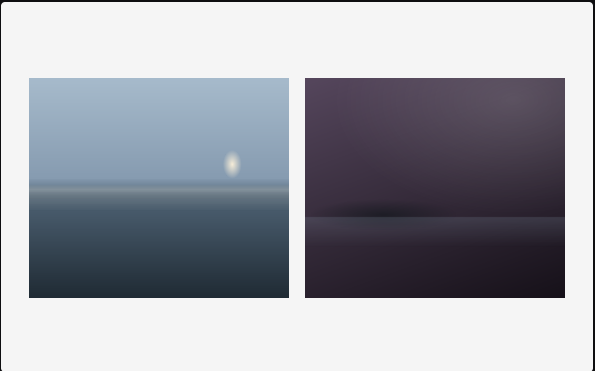

I1-A · SINGLE PLATE

ONE PICTURE TAKES THE LARGEST COMPLETE FRAME AVAILABLE. THE FRAME FOLLOWS THE SOURCE PROPORTION AND THE PAGE YIELDS AROUND IT.

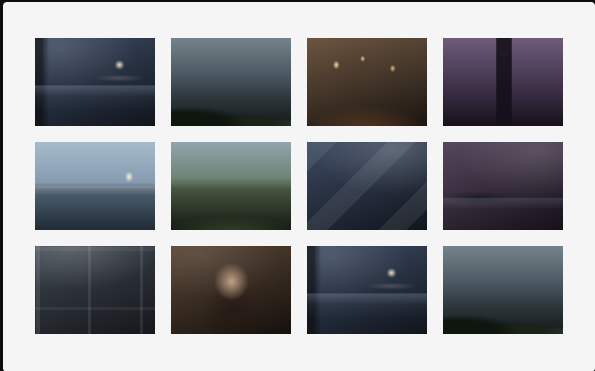

I1-B · PLATE WITH LABEL

THE PICTURE STAYS DOMINANT; CAPTION, DATE, OR SOURCE FACTS APPEAR OUTSIDE THE FRAME ONLY WHERE THE SOURCE CARRIES THEM.

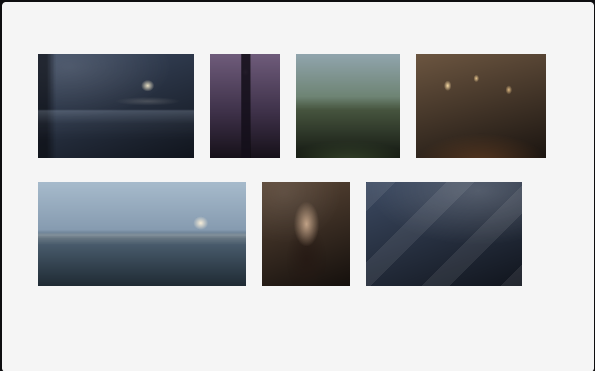

I1-C · PAIRED PLATES

TWO CLOSELY RELATED PICTURES SHARE ONE UNIT, EACH KEEPING A COMPLETE FRAME. UNRELATED PICTURES NEVER BECOME A TWO-UP GRID.

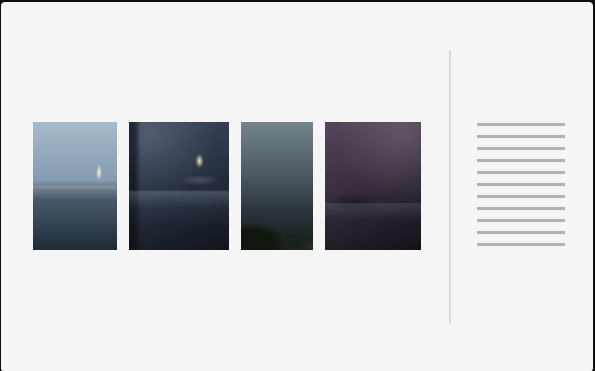

I2-A · UNIFORM CONTACT SHEET

ONE STABLE GRID AT A CONSISTENT INSPECTION SCALE, FOR SOURCES THAT SHARE A PROPORTION. NEVER REACHED BY CROPPING TO MAKE THEM MATCH.

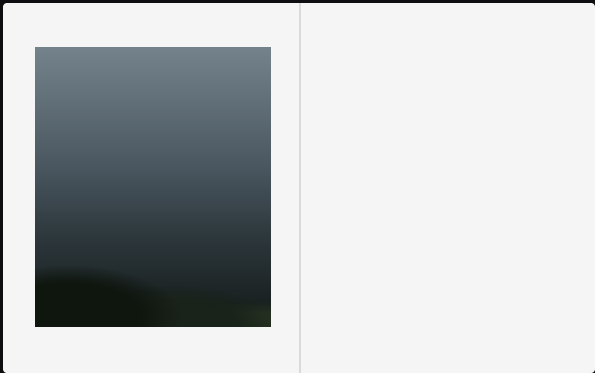

I2-B · ASPECT-PRESERVING SHEET

COMMON ROW HEIGHT, WIDTHS FROM THE SOURCE. UNEQUAL FRAMES ARE ALLOWED; ALIGNMENT YIELDS BEFORE A PICTURE IS DISTORTED.

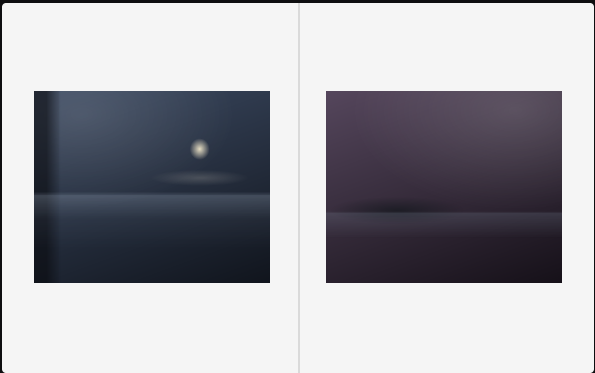

I2-C · STRIP WITH FACTS RAIL

A SEQUENCE RUNS ALONG ONE LANDSCAPE UNIT WHILE A NARROW RAIL CARRIES OPTIONAL SOURCE FACTS. THE RAIL NEVER REPLACES A FRAME.

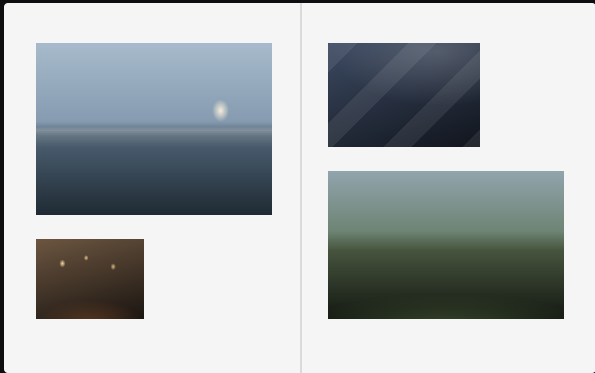

I3-A · SINGLE-IMAGE PAGE

ONE PICTURE HOLDS A PAGE OR ONE SIDE OF A SPREAD. USED WHEN SCALE AND PAUSE MATTER MORE THAN DENSITY.

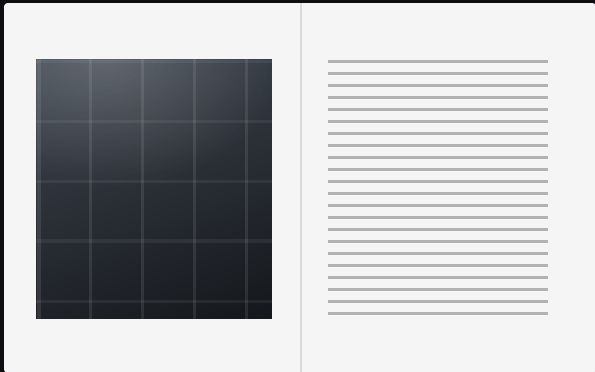

I3-B · FACING-PAGE PAIR

TWO PICTURES HOLD FACING PAGES. THE RELATIONSHIP COMES FROM PROXIMITY, SEQUENCE, CONTRAST, OR SHARED MATERIAL.

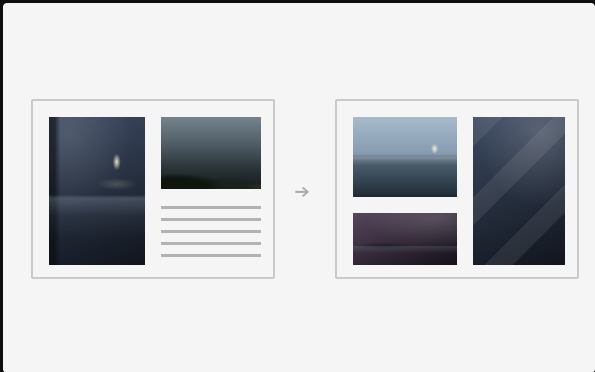

I3-C · IMAGE SEQUENCE SPREAD

SEVERAL PICTURES SHARE A SPREAD AT DELIBERATELY VARIED SCALE: ONE LEADS, ONE BRIDGES, ONE CLOSES.

I3-D · IMAGE PLUS TEXT SPREAD

THE PICTURE STAYS PRIMARY WHILE A SHORT MEASURE SITS BESIDE IT. TEXT IS OPTIONAL; ITS ABSENCE CREATES NO EMPTY SLOT.

I3-E · PAGINATED SEQUENCE

THE SEQUENCE CONTINUES ACROSS SEVERAL SPREADS. MORE PICTURES MAKE MORE PAGES; THEY DO NOT COLLAPSE INTO ONE SHEET.

PER-PICTURE DEMAND

```
F fidelity floor = 96 thumbnail · 180 supporting · 320 leading
r aspect = w / h      from intrinsic pixel dimensions
pixelReserve = clamp( 0.70, 1.50, 0.18 × √(w × h) / F )
aspectReserve = clamp( 0.00, 0.45, 0.12 × |ln r| )
roleReserve = +0.35 leading · 0 supporting · -0.18 thumbnail
Ii = max( 0.45, pixelReserve + aspectReserve + roleReserve )
```

SET TOTAL

```
D = T + I + O      O = 0 (NOTES · DOCUMENTS · IMAGES · GIFS)
imageShare = I / D   textShare = T / D
D_image = A_image / A_unit   placed area over usable page area
PPI_eff = min( px_w / placed_w_in , px_h / placed_h_in )
```

GATE

```
D < 1.0 → no reading is made
24 of 32 field-supported cells (1920 × 1080 · 220px cells)
one long source may qualify on its own measured demand
```

SHARE CHOOSES THE GRAMMAR

```
imageShare ≤ 0.25 → TEXT-LED
0.25 < imageShare < 0.70 → MIXED-MEDIA
imageShare ≥ 0.70 → IMAGE-LED
BOUNDARIES ARE OWNED: 0.25 GOES TO TEXT-LED, 0.70 TO IMAGE-LED.
```

TOTAL CHOOSES THE FORM

```
1.00 ≤ D < 1.75  TIER 01 → GALLERY · 1 FRAME / PAGE
1.75 ≤ D < 3.00  TIER 02 → CONTACT SHEET · 4 / PAGE
D ≥ 3.00          TIER 03 → IMAGE EDITION · 2 / PAGE
EVERY UNIT IS LANDSCAPE 8:5. A NARROW WIDTH CHANGES COLUMNS AND PAGE COUNT —
IT NEVER SUBSTITUTES A PORTRAIT PAGE.
```

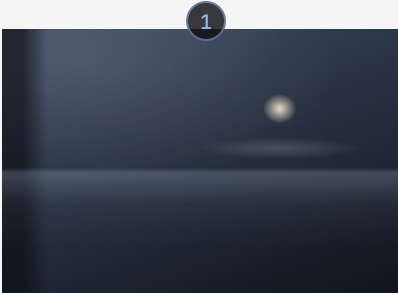

ORDER OF SELECTION

```
SOURCES → PER-SOURCE DEMAND → D AND SHARES → GATE → GRAMMAR → TIER → LAYOUT
FAMILY → PAGE
```

NEVER AN INPUT

SELECTS

SITS IN THE UNIT WITH FIELD AROUND IT. THE
DEFAULT INSPECTION FRAME.

SELECTS

TAKES ONE SIDE OF THE UNIT AT FULL HEIGHT.
THE UNIT STAYS LANDSCAPE.

SQUARE · 1:1

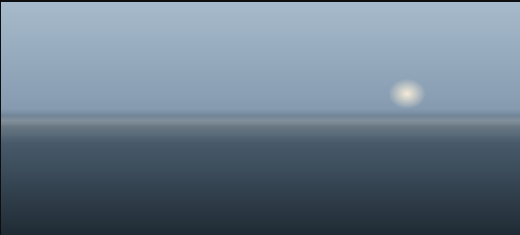

SELECTS

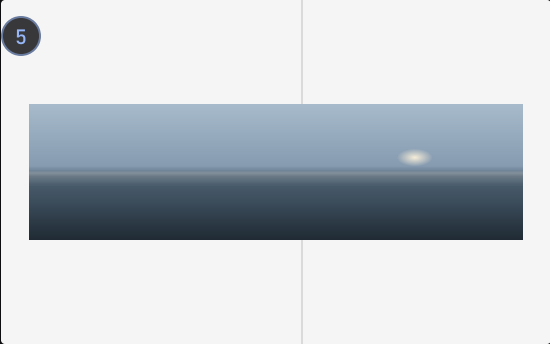

EQUAL MARGINS. THE PAGE DOES NOT STRETCH IT
TOWARD EITHER EDGE.

PANORAMA · 20:9

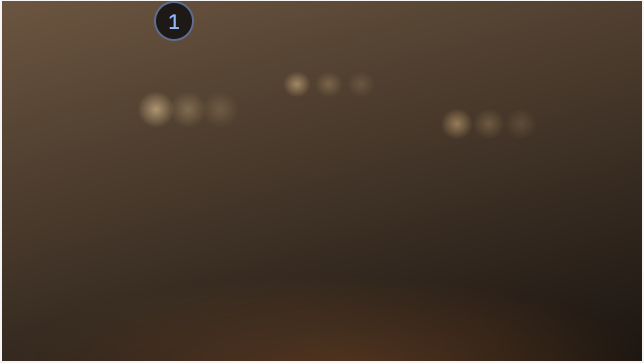

SELECTS

CLAIMS THE FULL WIDTH OF A UNIT OR A WHOLE
SPREAD; THE REST MOVES ON.

PLAYING

1

2

GIF · 800 × 450 · 16:9

LAMPS, EAST ROW

A GIF IS A PICTURE THAT MOVES. ITS FRAME IS COMPLETE AND SIZED THE SAME WAY AS A STILL.

REDUCED MOTION

3

4

GIF · 800 × 450 · 16:9

LAMPS, EAST ROW

WITH ANIMATION OFF, A COMPLETE STATIC FRAME REMAINS — SAME PLACE, SAME SIZE. NOTHING IS LOST.

FLATTENED TO A PHOTOGRAPH

5

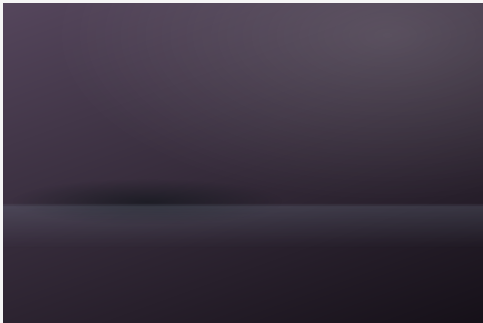

4

JPG · 1920 × 1080 · 16:9

STAIR, NORTH SIDE

A STILL PULLED FROM MOVING MATERIAL AND PRESENTED AS A PHOTOGRAPH, WITH NO WAY BACK TO THE SOURCE.

KEEP

The long way round

JPG · 4032 × 2688 · 14 MAY

A CAPTION EXISTS BECAUSE THE SOURCE CARRIES ONE. THE SECOND PICTURE HAS NO TITLE, SO NOTHING APPEARS BENEATH IT AND THE SPACE SIMPLY CLOSES UP. DIMENSIONS AND DATE ARE SOURCE FACTS; LAYER AND PAGE ARE THE FOOTER.

REFUSE

IMG_4417.JPG

8.2 MB · PICTURE 3 OF 6

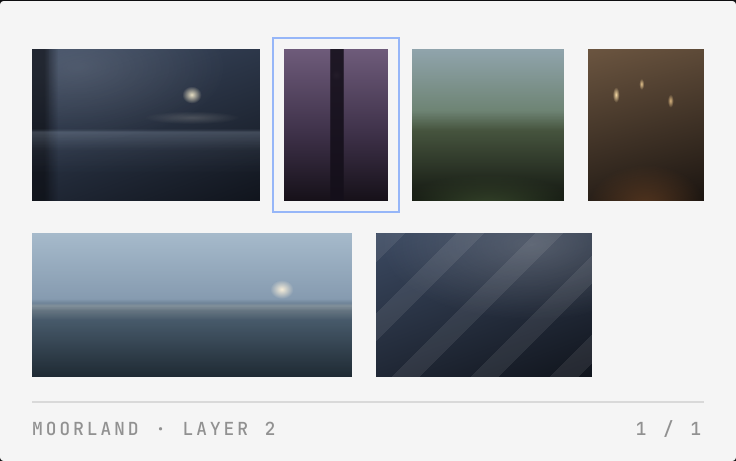

TITLE

CAPTION

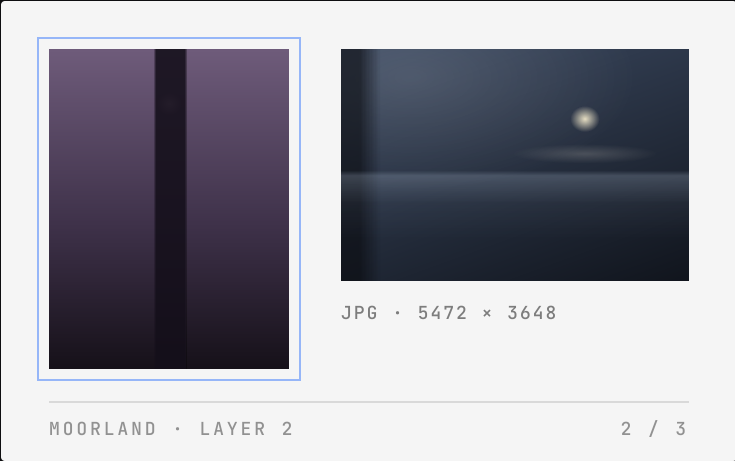

A FILENAME IS NOT A TITLE. FILE SIZE IS NOT A SOURCE FACT WORTH PRINTING AND NEVER DECIDES LAYOUT. A PAGE POSITION IS PAGINATION, NOT IDENTITY. AN EMPTY SLOT HELD OPEN FOR TEXT THAT DOES NOT EXIST IS A DEFECT.

D = 2.4 · FOUR PICTURES

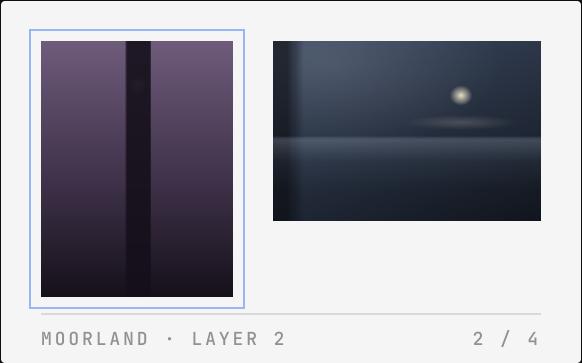

A COMPARISON SHEET. THE PICTURE BEING READ CARRIES AN OUTLINE OUTSIDE ITS FRAME.

ONE ADDED · D = 3.3

ONE MORE PICTURE CROSSES 3.0. THE SET BECOMES A SEQUENCE, PAGES GO FROM ONE TO THREE, AND THE SAME PICTURE IS STILL THE ONE BEING READ — NOW ON ITS OWN PAGE AT A LARGER FRAME.

USABLE WIDTH NARROWS

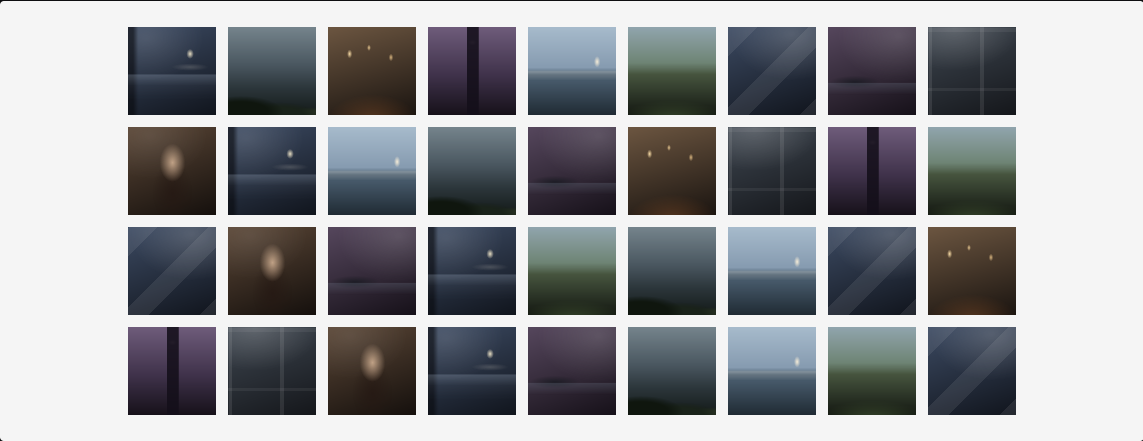

STILL
8:5

LESS ROOM ACROSS. THE UNIT STAYS LANDSCAPE 8:5 AND A FOURTH PAGE IS ADDED. NO PICTURE IS CROPPED, NO PORTRAIT PAGE IS SUBSTITUTED, AND THE READER KEEPS THEIR PLACE.

RECOMPUTED ON: ADD OR REMOVE · TEXT EDIT THAT CHANGES WRAPPING · REPLACEMENT AT DIFFERENT DIMENSIONS · ROLE CHANGE · A THRESHOLD CROSSED IN EITHER DIRECTION · A CHANGE OF USABLE WIDTH.

A BOUNDARY SET IS HELD BY HYSTERESIS SO IT CANNOT OSCILLATE. A FAILED RECALCULATION KEEPS THE LAST GOOD PAGES VISIBLE AND SAYS SO; IT NEVER SHOWS A HALF-CHANGED SEQUENCE.

A WALL OF TINY CROPS

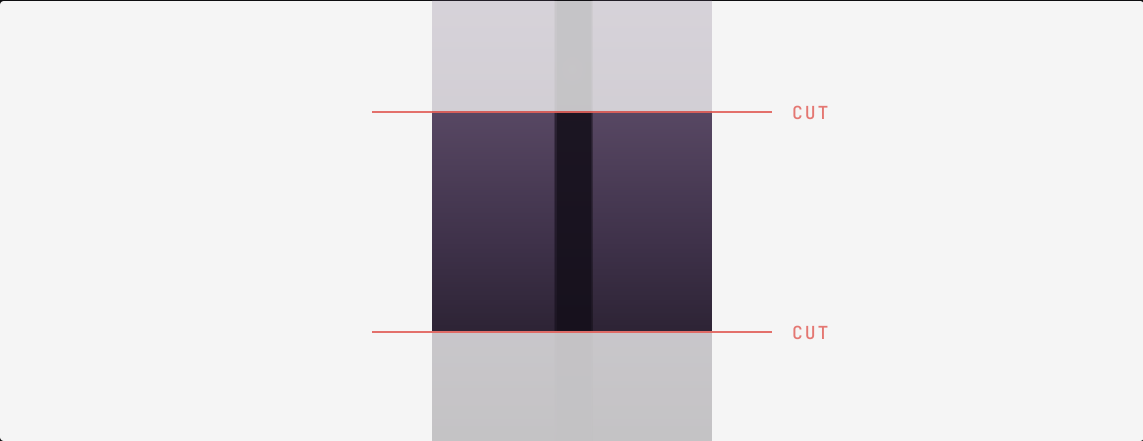

EVERY SOURCE SQUARED OFF TO ONE CELL SIZE. THE SET BECOMES IMPOSSIBLE TO INSPECT AND THE PROPORTIONS ARE LOST. ADD A SHEET INSTEAD.

A SLOT WAITING FOR TEXT

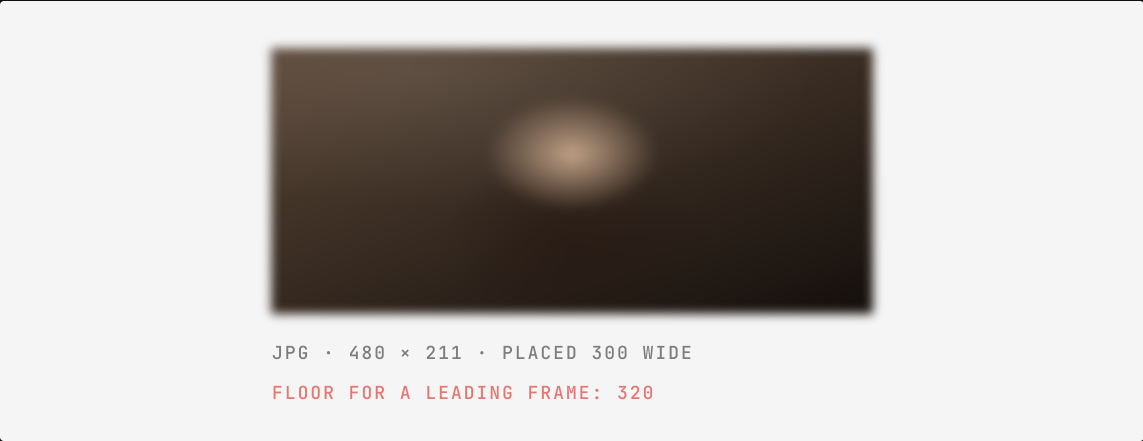

REGIONS RESERVED FOR TEXT NO SOURCE CARRIES. THE PICTURE IS PUSHED SMALL TO PROTECT EMPTY BOXES. TEXT IS OPTIONAL AND DATA-DRIVEN.

FRAME CUT TO FILL A SLOT

A TALL SOURCE TRIMMED TO SIT IN A WIDE SLOT. WHEN THE SOURCE AND THE REGION DISAGREE, THE REGION CHANGES OR THE PICTURE GETS SMALLER.

PUSHED BELOW ITS FLOOR

A SMALL SOURCE ENLARGED INTO A LEADING FRAME. USE A SMALLER COMPLETE FRAME, OR OFFER INSPECTION — NEVER A SOFT HERO.
